ABOUT US

Death Reapers is an explosive mix of five crazy guys from Przytoczna, Poznań, and Gniezno. We play fast and heavy, but also melodically and with finesse – in other words, Melodic Death Metal.

At the beginning of 2024, we set a goal to record an album, and so far, everything is going according to plan. Thanks to promotion on social media, we've gained new fans, which allowed us to embark on a small tour across Poland – we've played several gigs in different cities.

The most important value we want to share is our music and the immense joy it brings us! We aim high, which means we have a lot of work ahead of us, but we're not going to stop for any obstacles life throws in our way!

HUBERT POTOMSKI

Lead Guitar

THE VISIONARY – comes up with a million ideas every day, though maybe only one is actually feasible. The rest of the band often has to bring him back down to earth so he doesn't fly too far into the future. He's responsible for all the solos and a significant portion of the riffs. He also handles all of Death Reapers' audio production.

His main inspirations are:

- Alexi Laiho - Children of Bodom
- Death
- Amon Amarth
- Kreator

KAMIL WINTER

Rhythm Guitar

THE FRIEND – takes care of the band's relationships like no one else. Always has a positive outlook on life and music, and can lift our spirits in seconds.

He's the one responsible for the main riff in The New Beginning!

His main inspirations are:

- In Flames
- Slipknot
- Children of Bodom
- Electric Callboy

MATEUSZ RATAJCZAK

Drums

THE PERFECTIONIST – even though he can play sixteenth-note double kicks at 208 bpm without needing quantization, he constantly finds things to improve in his drumming.

He joined the band in February 2022, giving Death Reapers a huge boost and setting us on a path of growth.

His main inspirations are:

- Mario Duplantier - Gojira
- Jay Weinberg (ex) - Slipknot
- Dave Lombardo (ex) - Slayer
- Megadeth

KONRAD KROPIDŁOWSKI

Vocals

THE ARTIST – his brilliant lyrics, always inspired by deep reflections, sometimes referencing Horace, have a hidden meaning and carry a deeper message.

On stage, he enters a trance that surprises the audience, and his heavy growl pierces the ears of listeners, delivering an unforgettable experience.

For concerts or any of our meetups – like any vocalist – he's always the last one to arrive (of course, it's never being late).

His main inspirations are:

- Johan Hegg - Amon Amarth
- Chuck Schuldier - Death
- Cyprian Łakomy - In Twilight's Embrace
- Children of Bodom

FILIP KUDLIŃSKI

Bass

THE FATHER – the band's dad. When everyone else comes up with crazy ideas, he's the one making sure they don't happen... unless he's the one coming up with them. In that case, there's no one left to stop him. Whenever there's a call to make, something to negotiate, or a deal to strike – he's the go-to guy. His creativity shines through in our music videos.

His main inspirations are:

- Amon Amarth
- Arch Enemy
- Tom Araya - Slayer
- Children of Bodom
