Press Pack

## ABOUT US

Death Reapers is an explosive mix of five crazy guys from Przyłocznna, Poznań, and Gniezno. We play fast, heavy, but also melodic and with finesse – in other words, Melodic Death Metal. At the beginning of 2024, we set ourselves the goal of recording an album this year, and things are going exactly as planned. Through promoting on social media, we've gained new fans, which has allowed us to tour Poland a bit, playing several concerts! The most important value we want to convey is our music and ensuring that we draw immense joy from it! We're aiming high, so there's a lot of work ahead, but we don't plan to stop for any obstacles life throws in our way!

# HUBERT POTOMSKI

Lead Guitar

Visionary – a million ideas every day, though maybe only one is actually feasible. The rest of the band often has to bring him back down to earth to keep him from drifting too far into the future.

He is responsible for all the solos and a large portion of the riffs.

He also handles all of Death Reapers' audio production.

His main inspirations are:

- Children of Bodom,
- Amon Amarth,
- Kreator

# KAMIL WINTER

Rhythm Guitar

The Friend – Kamil takes care of our relationships within the band like no one else. He always has a positive outlook on life and music, and he can lift our spirits in just a few seconds.

He's the one responsible for the main riff in \*The New Beginning\*!

His main inspirations are:

- In Flames,
- Slipknot,
- Children of Bodom.

# MATEUSZ RATAJCZAK

Drummer

The Perfectionist – even though he can play double bass sixteenth notes at 208 BPM without needing quantization, he's always finding elements to improve in his drumming.

He joined the band in February 2022, giving a massive boost to Death Reapers and steering us onto a path of growth.

His main inspirations are:

- Mario Duplantier (Gojira),
- Jay Weinberg (Ex-Slipknot),
- Dave Lombardo (Ex-Slayer).

# KONRAD KROPIDŁOWSKI

Vocals

The Artist – his lyrics are always inspired by deeper reflections and carry a hidden meaning. On stage, he enters a trance, and like any vocalist, he's the last to arrive at concerts or other meetings (and of course, it's not being late).

Konrad pierces ears with his heavy growls, sometimes even in Latin, referencing Horace.

His main inspiration is Johan Hegg from Amon Amarth.

# FILIP KUDLIŃSKI

Bass

The Band Dad – when everyone comes up with silly ideas, he stands guard to make sure they don't get realized. Unless he has the silly ideas, in which case there's no one to stop him.

If someone needs to be called or something needs to be negotiated, he's the perfect person for the job. A creative personality who plays a significant role in our music videos.

His main inspirations are:

- Amon Amarth,
- Tom Araya (Slayer).
